

### THE GREEN EFFORT

The Green Effort is our way of making a difference in the environment that we live, work, and play in. We will specialize in rehabilitating green spaces, creating educational recreational environments for our youth, and revitalizing vacant lots and deteriorating areas of the city. In order to bring the utmost in professionalism and experience in the field we are proud to announce our partnership with Georgia's own Mountain Country Lawn Care and Landscapes (established in 1988). We can change the way our youth think if we change the environment that they play and grow up in. We want to create a play ground environment where children are surrounded by recycling facts and statistics, bird houses, butterfly bushes, and vegetation that encourages and promotes wildlife and botanical survival in the area. We want to reestablish endangered plants that are native to the region as well. Each educational recreational area will consist of charts that cover different ecological points of interest like: Weather, Insects, Small mammals, Birds, Reptiles & Snakes, Geography, and The Solar system. We believe that if we bring change in the environment that kids play in, it will inherently change the way they grow up! Get involved in the EFFORT!

**THE GREEN EFFORT IS PROUD TO ANNOUNCE OUR PARTNERSHIP WITH GEORGIA'S  
OWN**

**MOUNTAIN COUNTRY LAWN CARE AND LANDSCAPES (Established 1988)**

**Christopher Orlando**

**Mountain Country C.E.O.**

**Michigan Technological University**

**Associate Degree, Applied Science degree in Forestry – September 1981-May 1983**

Christopher Orlando's college experience includes fighting fires at the prescribed burn in the Hiawatha National Forest along with fires in Arenheim, MI; to planting trees for the United States Forest Service. He has also completed Red Cross multimedia training along with various courses at The Ford Forestry Center (forest botany, ecology, wildlife and soils, timber stand evaluation, logging layout, heavy / light equipment maintenance and operation). Mr. Orlando's final project in Forestry involved terrain mapping 400 acres of Michigan Technological University property.

**Mountain Country's maintenance experience includes:**

Landscape layout, design, and installation

Various maintenance programs: residential & commercial

Gardening and forestry related practices

The use of fertilizer and pesticide

The planting of trees and shrubs

Wooded lot clean up and tree care

Pine straw, Mulch, Pine bark, River Rock etc.

Drainage systems

Sodding

Pruning

Together we partner to bring you "THE GREEN EFFORT"!

**Do you have any of these items that you want to donate to THE GREEN EFFORT?**

The B-AWARE Foundation is a 501(c)3 Nonprofit Corporation

**HAND TOOLS**

- Shovels
- Rakes
- Garden Hoes
- Brooms
- Axes
- Wheelbarrows
- Gloves
- Hand Shears
- Loppers

**EQUIPMENT LIST**

- Backpack Blowers
- Edger's
- Gas Shears
- Trash Cans
- Push Mowers
- Riding Mowers
- Weed Eaters
- Generators
- Air Compressors
- Walk Behinds
- Walkie Talkies
- Trailers
- Ladders

**JOB MATERIALS**

- Pine Straw
- Pine Bark
- Sand
- River Rock
- Various Trees and Shrubs

**MISCELLANEOUS**

- Gas Cards
- Extension Cords
- Trash Bags
- Tape Measures
- Gift Cards

**PLAYGROUND EQUIPMENT**

- Bird houses
- Picnic Tables
- Sandbox Materials
- Benches
- Outdoor Recreational Equipment
